

**PRELIMINARY AMENDMENT**  
**U.S. Application No. 08/988,181**

information further comprises information for indicating different relative amounts of spin of the golf ball when struck by an iron type golf club.--

---

**REMARKS**

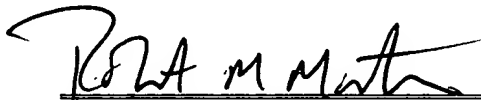

The foregoing amendments to the specification correspond to those made in parent application no. 08/338,081. Claims 6-9 have also been amended for clarification.

Claims 12-43 have been added to define the invention more thoroughly and provide broader scope of coverage.

Applicant respectfully requests for an early and favorable examination on the merits.

Respectfully submitted,
